PRODUCT DATA SHEET

BioSafe BONT

Description

BioSafe BONT is an environmentally acceptable oil, based on renewable raw materials. The product is readily biodegradable in soil and water, non toxic for human or the environment and not irritating to skin. It is also label free.

BioSafe BONT is designed for cleaning and lubricating applications of band saws, circular saws in saw mills and tables and cutter tools in planing mills.

BioSafe BONT is an environmentally acceptable alternative to diesel oil and provides reduced oil consumption and extended grinding inter-vals of saw blades.

BioSafe BONT can also be used for general degreasing of soiled machine parts or surfaces.

Handling and Storage

Handling and storage temperatures +5 to +40°C. Store in closed container, protected from rain, preferably in the original package.
